House Bill No. 5733

Introduced by Representative **GERALDINE B. ROMAN**

EXPLANATORY NOTE

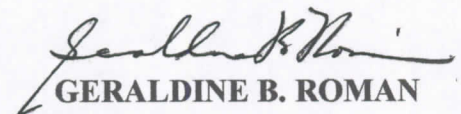

This bill seek to establish a National High School in the Municipality of Orani, Province of Bataan, to be known as the Orani Central Elementary School.

Section 1, Article XIV of the 1987 Constitution provides: "Section 1. The State shall protect and promote the right of all citizens to quality education at all levels, and shall take appropriate steps to make such education accessible to all."

The existing Orani North Elementary School in Barangay Balut in the Municipality of Orani is now overcrowded and has no more space for other structural improvements and construction of additional school buildings. The school is also situated along the national road which creates traffic congestion in the area and poses danger to young children. Heavy traffic in front of the school is suffered not only by the students and the parents themselves but by every road user and commuter who passes the area.

In order to accommodate the growing number of students who enroll every year, it is imperative that Orani Central Elementary School is established. The elementary school will address the right to education of school children in Orani and will also be beneficial to children living in nearby barangays and municipalities. Further, a new location for the entire elementary school will ease the traffic along the national road and will definitely relieve the parents from worrying about the safety of their children.

In view of the foregoing, approval of this bill is highly recommended.
