HOUSE BILL NO. 7272

Introduced by Congressman Deogracias Victor Savellano

EXPLANATORY NOTE

As tobacco excise taxes increase, illicit trade not only grew but it also evolved. From 2017, the illicit trade landscape has evolved. Rather than illicit products mainly coming from one source, there are now several small to medium-sized illicit factories operating in various parts of the Philippines. During raids conducted by both the Bureau of Internal Revenue and Bureau of Customs, it has been observed that several of these smaller factories are principally operated by foreign nationals. Based on available data shared with the House Committee on Ways and Means, the number of illegal factories manufacturing cigarettes are increasing. From two (2) illegal factories raided in 2016 and 2017, there were seven (7) factories raided in 2018 and an alarming twelve (12) factories in 2019. Based on conservative estimates, one line of cigarette maker and packer can produce more than 3.6 million sticks of cigarettes per day or about 43.68 million packs a year. At the current excise tax rate of P45 per pack, the government is losing around P1.965 billion per one line of cigarette maker and packer.

The objective of HB Nos. 6507 and 6508 is to deter further illicit trade in order to revert volumes to the legal market to boost revenue collection and to ensure that the local tobacco industry shall continue and grow for our tobacco farmers and their families, our workers in the processing and manufacturing plants and all stakeholders in our tobacco industry. The illegal trade in tobacco is a knife that pierces the heart of the farmers and workers toiling in the fields and at the factory floor, and that same knife cuts a gaping hole on the coffers of government.

The foregoing consolidated bill seeks to dull that knife by increasing penalties against illicit traders by increasing penalties which under certain conditions shall be deemed non-bailable. By doing so, that revolving door of arresting-then-releasing illicit traders on bail will remain shut.

The consolidated bills also sharpen government’s teeth to fight illicit trade by providing the needed-resources for the task forces of the BIR and BOC to sustain their enforcement measures against illicit traders.

In view of the forgoing, the passage of this bill is earnestly sought.
