EXPLANATORY NOTE

Data provided by DSWD Region 2 show there are currently 182 children in conflict with the law (CICL) from the Province of Isabela. These minors consist of those under the diversion program, on suspended sentence, awaiting or on-going trial, and those committed to temporary youth detention jails located in different facilities as far as Cagayan and Nueva Vizcaya. Most of them were put in the custody of their families due to lack of facilities in the province. In many instances, the parents of these children are not capable of providing the guidance, protection and care they need.

These children in conflict with law (CICL) cannot be detained or housed in the same facilities where adult offenders, children who have suffered abuse and maltreatment, or are victims of crimes perpetrated by adults or children of their age.

Republic Act 9344 Sec. 49 as amended by Republic Act 10630 states that local government units (LGUs) shall set aside resources to build youth detention homes, otherwise known as Bahay Pag-Asa to service the needs of the CICL in every province and highly-urbanized city.

Rule 99 of the revised implementing rules and regulations of RA 10639 requires that the Department of Social Welfare & Development (DSWD) shall develop standards for the establishment of the said Bahay Pag-Asa to ensure that the CICL will have the best possible programs and facilities for their rehabilitation to pave the way for their eventual re-integration to the community.
This bill seeks to establish and sustain the operations of a Bahay Pag-Asa for the Province of Isabela to provide housing, appropriate care, rehabilitation and even training and education for the CICL from the province to ensure for them every opportunity to build better lives when they are released from detention.

In view of the foregoing, the approval of this initiative is earnestly sought.
