AN ACT
ESTABLISHING NATIONAL TEACHER ACADEMIES IN ORDER TO
ENCourage AND FACILITATE ENTRY INTO THE TEACHing PROFESSION

The Constitution, Article II, Section 17, provides:

The State shall give priority to education, science and technology, arts, culture, and sports to foster patriotism and nationalism, accelerate social progress, and promote total human liberation and development.

Low salaries and the declining status of the teaching profession have reduced the quantity and quality of individuals entering the teaching profession.

The government must expend efforts to address the existing and impending teaching shortage in the country. Bringing talented individuals into the teaching profession will greatly enhance the quality of our education, achieving success in adding the traditional education of students.

Hence, this bill seeks to establish national teacher academies in order to encourage and facilitate entry into the teaching profession.
