AN ACT
TO COMBAT ABUSE AND INCREASE PENALTIES FOR CRIMES AGAINST SENIORS

The Constitution, Article II, Section 5, provides:

The maintenance of peace and order, the protection of life, liberty and property, and the promotion of the general welfare are essential for the enjoyment by all the people of the blessings of democracy.

Older victims of violent crime are almost twice as likely than younger victims to be abused, robbed, or assaulted at or in their own homes.

As the number of older Filipinos is growing both numerically and proportionally in the country, this bill seeks to develop strategies for preventing and punishing crimes that target or otherwise disproportionately affect seniors by collecting appropriate data to measure the extent of crimes committed against seniors and determine the extent of domestic and elder abuse of seniors.
