AN ACT
TO ENSURE THAT OLDER OR DISABLED PERSONS ARE PROTECTED FROM INSTITUTIONAL, COMMUNITY, AND DOMESTIC VIOLENCE AND SEXUAL ASSAULT AND TO IMPROVE OUTREACH EFFORTS AND OTHER SERVICES AVAILABLE TO OLDER OR DISABLED PERSONS VICTIMIZED BY SUCH VIOLENCE

The Constitution, Article II, Section 11, provides:

The State values the dignity of every human person and guarantees full respect for human rights.

The elderly have always been victims of moderate to severe abuse. Elderly abuse takes on many forms, including physical abuse, sexual abuse, psychological (emotional) abuse, neglect (intended or unintended) and financial exploitation.

Unfortunately, there are relatively few statistics and research studies regarding violence against older or disabled persons. Public and professional awareness and identification of elderly abuse is difficult because older or disabled persons are not tied into many social networks such as schools or jobs, and may become isolated in their homes, which can increase the risk of elderly abuse. Further, elderly abuse is severely underreported, with only a fraction of cases reported, according to the most recent studies.

Hence, this bill seeks to ensure that older or disabled persons are protected from institutional, community, and domestic violence and sexual assault and to improve outreach efforts and other services available to older or disabled persons victimized by such violence.
