Republic of the Philippines
HOUSE OF REPRESENTATIVES

EIGHTEENTH CONGRESS
Second Regular Session

House Bill No. 8619

Introduced by Rep. Edcel C. Lagman

EXPLANATORY NOTE

The authority of the Congress, particularly the House of Representatives where private bills originate, to grant legislative franchises to qualified applicants to operate radio and television networks assures the efficacy of the freedoms of speech, expression and of the press. It is also a recognition of the people's right to access legitimate sources of information.

The vital importance of the press and free speech in a democratic system of government was underscored by Chief Justice Reynato Puno in Chavez vs. Gonzalez and NTC (G.R. No. 168338, February 15, 2008) in this wise:

"Much has been written on the philosophical basis of press freedom as part of the larger right of free discussion and expression. Its practical importance, though, is more easily grasped. It is the chief source of information on current affairs. It is the most pervasive and perhaps most powerful vehicle of opinion on public questions. It is the instrument by which citizens keep their government informed of their needs, their aspirations and their grievances. It is the sharpest weapon in the fight to keep government responsible and efficient. Without a vigilant press, the mistakes of every administration would go uncorrected and its abuses unexposed."

Consistent with the foregoing verities, the instant bill, entitled "An Act Granting Capricom Broadcasting Network Corp. a Franchise to Construct, Install, Operate and Maintain Radio and Television Broadcasting Stations in Tabaco City, Province of Albay, and Other Areas in the Philippines", is filed.

Capricom Broadcasting Network Corp. is a domestic corporation registered with the Securities and Exchange Commission (SEC) with Registration No. CS201952075 dated 25 April 2019. Its principal purpose is to engage in the business of radio and television broadcasting on a commercial and sustaining basis.

It is a fact that radio broadcasting is an essential component of mass media, and plays a vital role in nation-building. Consequently, the Corporation wants to contribute to and be a part of this undertaking by providing public service and contributing to the development of Tabaco City and other areas of the Philippines.

It aims to provide important, relevant, and timely news, information and commentary in various fields of business, economics, politics, and entertainment, both in the Philippines and abroad, by utilizing the latest medium in broadcasting technology.

The shareholders and officers of the company have extensive knowledge and experience in broadcasting, and are cognizant of this means of information as a tool for social change and sustainable development.
Moreover, the Corporation is aware that despite the advances in broadcast technology, radio broadcasting will always remain a relevant medium for news, information, and entertainment due to its unique capacity to reach far-flung audiences belonging to different social classes, ethnic groups and demographics.

Approval of this bill is earnestly sought.
