Republic of the Philippines  
HOUSE OF REPRESENTATIVES  
Quezon City, Metro Manila  

EIGHTEENTH CONGRESS  
Second Regular Session  

HOUSE BILL NO. 8652  

Introduced by Representative Manuel Luis T. Lopez  

AN ACT  
EXEMPTING LOCAL GOVERNMENT UNITS AND THE PRIVATE SECTOR ACQUIRING AND PURCHASING COVID-19 VACCINES FROM IMPORT DUTIES, TAXES, AND OTHER FEES  

EXPLANATORY NOTE  

As early as mid-2020, some local government units have developed plans on acquiring Coronavirus disease 2019 (COVID-19) vaccines for their constituents. Many local government units have allocated budgets and finalized deals in accordance with their vaccination plans. Meanwhile, private companies have also taken the initiative of purchasing their own COVID-19 vaccines for their employees.  

This representation welcomes the initiatives of local government units and the private sector to the National Government in combatting our common enemy. Acknowledging that collectively, each and every act would strengthen our pandemic response, this proposed measure seeks to remove additional costs in acquiring and purchasing COVID-19 vaccines by exempting such acts from customs duties, value-added tax, excise tax, and other fees.  

To ensure that as many local government units and members of the private sector benefit from this bill, the passage of this bill is urgently sought.  

HON. MANUEL LUIS T. LOPEZ

1st District, City of Manila
