Republic of the Philippines
HOUSE OF REPRESENTATIVES
Quezon City

EIGHTEENTH CONGRESS
Second Regular Session

HOUSE BILL NO. 8820

Introduced by HON. JOY MYRA S. TAMBUNTING

EXPLANATORY NOTE

The role of human resource management (HRM) in the public sector often concerns is still under development, in contrast to HRM in private institutions. In the public sector setting, HRM concerns forecasting and planning of human capital, selection and staffing, development and training, performance management, employee discipline, and the promotion of the productivity and welfare of each employee. To date, human resource management officers are optional positions and are not included as mandatory positions in the Republic Act No. 7160 or the Local Government Code. Without an HRMO, the management of human capital in the local government units is left to either the local chief executive or the city secretary.

Considering the importance of keeping a competent human resource in local government units, this measure seeks to institutionalize the appointment of human resource management officer across local government units. The HRMO shall be tasked to formulate and develop a human resource development plan towards the enhancement personnel management processes. HRMOs are also expected to conduct continuing human resource development programs and other capacity building activities to enhance the competency of not only the personnel, but also the officials.

On behalf of the people of Parañaque City's Second District, and for the common good of the Filipino people, the approval of the said measure is earnestly sought.
