Republic Act No. 7157, otherwise known as the Philippine Foreign Service Act of 1991, was passed into law on September 19, 1991. Section 63 of the said law provides that “the President upon recommendation of the Secretary of Foreign Affairs may, as soon as practicable, submit for enactment by Congress of a foreign affairs retirement and disability system, taking into account the difficulties of foreign service personnel in setting aside sufficient savings to take care their eventual retirement in the Philippines due to old age or some other disability, with the increased burden of establishing a home in the Philippines after completion of their tour of duty abroad.”

At present, there is still no law passed to implement the above provision. In this regard, this measure is humbly proposed with the intent of providing both present and future retirees of the foreign service support that is adequate and responsive to their needs, and to reassure them that their dedication and loyalty to the Filipino people is not forgotten. This measure provides for the automatic adjustment of monthly pension of covered members of the Foreign Service and other additional entitlements such as disability and death benefits as provided under RA 8291 and other relevant laws.

On behalf of the people of Parañaque City’s Second District, and for the common good of the Filipino people, the approval of the said measure is earnestly sought.
