**AN ACT**  
**DECLARING LA MESA DAM ECOPARK IN BARANGAY FAIRVIEW,**  
**QUEZON CITY AS A TOURISM SITE**

**EXPLANATORY NOTE**

Tourism spots bring to mind ideas of picnic spots with grilling facilities, paddle boat ride in a lagoon (ala Baguio's Burnham Park), fitness trail with exercise stations, mountain bike trails along forested lanes, flower terraces and the like. These are also platforms and opportunities for local government units to increase its revenue while protecting the environmental aspect of these sites.

The present La Mesa Dam Eco-Park reflects all these amenities.

Simply visiting La Mesa Dam Eco-Park is already equivalent to saving the La Mesa Watershed which is also the primary source of drinking water for about 12 million Metro Manila residents. It consists of 2,000 hectares of surrounding forest and 700 hectares of reservoir and its forests serve as lungs of Metro Manila providing clean air.

This bill seeks to provide a development plan that aims to rehabilitate, reforest, preserve and protect the La Mesa Watershed while at the same time promote its highest tourism potential and value, thereby providing jobs for its residents and revenue for the local government.

In view of the foregoing, the immediate passage of this bill is earnestly sought.
