HOUSE BILL NO. 9696

Introduced by Representative Frederick W. Siao

EXPLANATORY NOTE

This bill seeks to establish a special economic zone located in the National Steel Corporation Site in Iligan City, Province of Lanao del Norte.

The land formerly occupied by the National Steel Corporation (NSC) located in Barangays Suarez, Tomas Cabili, Sta. Elena and Maria Cristina, Iligan City remains as one of the most expensive prime lots in the area. Sitting at 430 hectares or approximately 1,062.55 acres, the National Steel Corporation was originally operated by the National Shipyard and Steel Corporation before it changed ownership several times until its acquisition by the local government of Iligan City. Unfortunately, the property and remaining facilities that once housed a bustling steel industry in the former industrial city of the south are now desperate for redevelopment and reconstruction.

Paragraph (d), Section 5 of Republic Act (RA) No. 7916, otherwise known as the "Special Economic Zone Act of 1995," clearly states that Iligan should and must have an ecozone. The vast NSC properties remain untapped to this day and the government could make the NSC properties attractive to foreign investors with the potential to create thousands of jobs and income not only for the people of Iligan City but for the whole of Lanao del Norte as well.

This bill seeks to fulfill the mandate of RA 7916. As a special economic zone, the property shall be under the supervision of the Philippine Economic Zone Authority and managed and operated by the NSC Special Economic Zone Authority.
Given the huge potential of the area as a self-sustaining industrial, commercial, agro-industrial, tourist, banking, financial, and investment center with suitable residential areas and the many jobs it could create, immediate approval of this bill is earnestly sought.
