AN ACT
ESTABLISHING A SPECIAL HOSPITAL FOR OVERSEAS FILIPINO WORKERS (OFWS) AND THEIR DEPENDENTS, APPROPRIATING FUNDS THEREFOR AND FOR OTHER PURPOSES

This proposed measure seeks to establish a special hospital for Overseas Filipino Workers and their dependents in order to address the limited scope of our existing medical package of services under the Medical Care Program for OFWs pursuant to Executive Order No. 195 series of 1994.

OFWs are regarded as our heroes with their remittances that keep our economy afloat. What we do not often see, however, are the emotional and physical stresses that living and working abroad bring, which can be worsened by different climates and distance from family. The most common ailments or health problems suffered by OFWs are pneumonia, hypertension, cancer, trauma, liver disease, depression, among others.

Our move towards health development should include the provision of quality and accessible health care to our OFWs and their dependents.

In view of the foregoing, the approval of this bill is earnestly sought.
