AN ACT
PROVIDING A FUEL SUBSIDY FOR MUNICIPAL FISHERFOLK, APPROPRIATING FUNDS THEREFOR, AND FOR OTHER PURPOSES

It is no secret that our fishing sector are among the poorest Filipinos despite being one of the major contributors to our economy and food security. Low income is a primary reason. According to the Bureau of Fisheries and Aquatic Resources, the daily income per fishing boat in the Philippines is around PhP272, which is divided into 2-3 who man the boat.

This proposed measure seeks to provide a fuel subsidy for municipal fisherfolk who utilize motorized boats. It proposes to provide a fuel voucher worth at least One Thousand Pesos (Php 1,000.00) per month for each eligible beneficiary. This is in response to the fact that fuel is a main driver of cost for fisherfolk. It is estimated that fuel accounts for almost 60% of each fisherfolk's production cost. This is likely to increase with our fisherfolk forced to venture further into the sea with the depletion of fishing grounds.

In addition, beneficiaries of this program shall also be automatically enrolled and covered under the National Health Insurance program of the Philippine Health Insurance Corporation (PhilHealth). The Social Security System (SSS) shall also provide microinsurance mechanisms to beneficiaries of the program.

In view of the foregoing, the passage of this bill is earnestly sought.
