EIGHTEENTH CONGRESS
REPUBLIC OF THE PHILIPPINES

House Bill No. 10222

EXPLANATORY NOTE

Section 27, Article II of the 1987 Constitution provides that:
"The State shall maintain honesty and integrity in the public service and take positive and effective measures against graft and corruption."

The Procurement Service - Department of Budget and Management (PS-DBM) was created on October 18, 1978 through Letter of Instruction (LOI) No. 755, and thereafter amended by Executive Order No. 285 and 359. Its primary mandate is to establish an integrated procurement system for the national government in order to take advantage of economies-of-scale in procurement. The PS-DBM acts as a procurement arm of other government agencies for the procurement of common-use supplies, equipment, and infrastructure projects. To avail of this service, government agencies remit in advance to the PS-DBM such funds needed for its procurement.

In addition to procuring common-use supplies, among others, for other national government agencies, the PS-DBM also does trading by buying stocks of common-use supplies for resale to other government agencies using its own budgetary appropriation.

However, the passage of RA No. 9184 or the Government Procurement Reform Act undermines the mandate of the PS-DBM through the inclusion of relevant provisions that seek to strengthen the procurement service of national government agencies.

Section 11, Article 5 of RA 9184 states that "all procurement agencies shall establish a single Bids and Awards Committee (BAC) for its procurement." Section 63 (c) further tasks the Government Procurement Policy Board (GPPB) to strengthen the said BACs by ensuring "that Procuring Entities regularly conduct procurement training programs and prepare a procurement operation manual for all offices and agencies of government."

In addition to its mandate being affected by changes in national policies and legislation, the PS-DBM have dealt with issues regarding the exercise of their mandate in the previous years. There have been many issues and controversies surrounding the PS-DBM most recent of which was the transfer of P32 billion by the Department of Health (DOH) to the PS-DBM for the procurement of face shields, face masks, personal protective equipment, and other pandemic-related purchases. The PS-DBM has also been hounded by allegations of improper procedure and over priced acquisitions.

This bill seeks to abolish the PS-DBM. The 1987 Constitution and RA 9184 has made the mandate of the PS-DBM redundant and irrelevant in these current times.

In view of the foregoing, the approval of this bill is earnestly requested.
