INTRODUCED BY REPRESENTATIVE MANUEL ANTONIO F. ZUBIRI

EXPLANATORY NOTE

The Philippines is a nation with great potential in sports, as it is an integral element of our culture. Filipino athletes have won world acclaim in amateur, Olympic and professional competitions in individual and team sports just as in the recent Olympic games. Our common goal is to enhance national pride that will come from intensive sports training and high-quality education including of our indigenous sports and martial arts at the grassroots and elite levels.

The strategies to achieve better performance in local and international competitions should include allocating more resources in sports training and infrastructure development. Government should play a larger role by consistently providing high quality of sports training and education. This shall include offering the opportunity for athletes to be active in sports at the same time that they complete degree and non-degree courses or engage in advance studies and specialization.

This bill proposes to create the Philippine Sports Academy (PSA) that shall educate and serve as training ground for Filipino athletes, as an attached agency of the Philippine Sports Commission. It shall provide resources to prepare our youth for careers in sports and improve the country’s medal haul in international competitions, such as the Southeast Asian Games and the Olympics.

The PSA shall be part of the platform for grassroots sports development. Through academic degree and non-degree programs, it shall train educators, coaches, trainers, sports managers, referees, umpires, community sports psychologists, sports medicine practitioners, and other related sports careers in different levels of specialization. Moreover, the Academy shall establish linkages with international academic institutions and organizations for the modernization and advancement of the Academy and its sports curriculum and programs.

Thus, approval of this bill is earnestly sought.
