HOUSE BILL NO. 10473

Introduced by Representative Shirlyn L. Bañas-Nograles

EXPLANATORY NOTE

This bill seeks to provide cash incentive benefits to the members of the Philippine Health Insurance Corporation who paid monthly premium contributions of not less than one hundred twenty (120) months but have not availed of the benefits during the paying period, amending for the purpose Republic Act No. 7875, otherwise known as the “National Health Insurance Act of 1995,” as amended.

It is enshrined in Section 1, Rule V of the Implementing Rules and Regulations of Republic Act No. 6713 otherwise known as the “Code of Conduct and Ethical Standards for Public Officials and Employees” to grant incentives and rewards for officials and employees in the government who demonstrated the following: (a) Commitment to public interest; (b) Professionalism; (c) Justness and sincerity; (d) Political neutrality; (e) Responsiveness to the public; (f) Nationalism and patriotism; (g) Commitment to democracy; and (h) Simple living.

Likewise, Section 15, Article II of the 1987 Constitution provides that “the State shall protect and promote the right to health of the people and instill health consciousness among them.”
There are also laws that grant privileges to certain groups of persons such as Republic Act No. 9994, entitled “Expanded Senior Citizens Act of 2010” that provide additional benefits in the amount One hundred thousand pesos (P100,000.00) to Filipino centenarians; Republic Act No. 10699, otherwise known as the “National Athletes and Coaches Benefits and Incentives Act,” which grants discount incentives to national athletes and coaches and a lump sum benefit of Thirty thousand pesos (P30,000.00) to cover their funeral expenses, and Republic Act No. 9049 which grants lifetime monthly gratuity of Twenty thousand pesos (P20,000.00) to an awardee of a medal of valor. This gratuity is separate and distinct from any salary or pension which the awardee receives from the government of the Philippines.

In line with this, the government should also acknowledge individuals, workers, or employees in the government or in the private sector, who in their prime years and until their retirement have continuously paid their PhilHealth premium contributions without availing its benefits and privileges. These paying members have contributed to PhilHealth, and their contributions have benefited or helped others who cannot afford medical care. To acknowledge their contributions, this proposed measure provides incentive to these members who paid premium contributions of not less than one hundred (120) months.

This will encourage PhilHealth members to live a healthy lifestyle and to religiously pay their PhilHealth contributions that will surely redound to the benefit of the Filipino people.

In view of the foregoing, approval of this bill is earnestly sought.
