HOUSE BILL NO. 5054

Introduced by Hon. Julienne L. Baronda

EXPLANATORY NOTE

The bill seeks to increase the monthly pension and disability benefits of retirees of the Department of Foreign Affairs (DFA) to be at par with the current pay scale enjoyed by those in active service.

Article XVI, Section 8 of the 1987 Philippine Constitution mandates that "the State shall, from time to time, review to upgrade the pensions and other benefits due to retirees of both the government and private sectors."

Relatedly, Section 62 of Republic Act No. 7157, otherwise known as the Philippine Foreign Service Act of 1991, in part provides that "the President upon recommendation of the Secretary may, as soon as practicable, submit for enactment by Congress a foreign affairs retirement and disability system, taking into account the difficulties of foreign service personnel in setting aside sufficient savings to take care of their eventual retirement in the Philippines due to old age or some other disability, with the increased burden of establishing a home in the Philippines after completion of their tour of duty abroad."

This is an important step to duly compensate Philippine foreign service personnel whose invaluable services to the country have helped advance Philippine interests, improve relations with other countries, and protect Filipinos globally.

The men and women of the DFA are at the frontlines of Philippine foreign relations, sometimes risking their lives under dangerous conditions in their countries of assignment. They face complex challenges of living in foreign lands with different cultures, particularly as pioneers in opening new posts. They are primarily responsible for responding and attending immediately to Filipinos in distress especially during critical times, disasters, security threats, and other crisis situations. Their patriotism, integrity, professionalism and genuine concern for the welfare of our

kababayans here and abroad are sincere expressions of their devotion to the country in achieving the aspirations of the Filipino people.

During their active service, retired diplomats have demonstrated their resilience as the Philippines' first line of representation in dealing with a plethora of concerns. They have tirelessly sought opportunities to promote Philippine trade, investment, tourism, and culture. They have been the voice of the Filipino people overseas and have spearheaded the one country team approach to matters of national interest. Their initiative, competence, professionalism and creativity have resulted in enduring bilateral and multilateral partnerships, strategic agreements and collaborative engagements that continue to be harnessed for our people's benefits.

These complex responsibilities require the DFA personnel to be vigilant and ready to perform their duties at all times. As specialists in the arena of diplomacy and citizen services abroad, foreign service personnel deserve to be honored and cared for in their retirement through an adjustment of monthly pension, and thereby allowing them to afford a decent living in the face of inflation and rising cost of living.

It is the intention of this bill to provide both present and future retirees of the foreign service support that is adequate and responsive to their needs, and to reassure them that their dedication and loyalty to the Filipino people are not forgotten.

In view of the foregoing, immediate approval of this bill is earnestly sought.
